

AMENDED IN ASSEMBLY APRIL 22, 2013

CALIFORNIA LEGISLATURE—2013–14 REGULAR SESSION

ASSEMBLY BILL

No. 881

Introduced by Assembly Member Chesbro
(Coauthors: Assembly Members Williams and Yamada)

February 22, 2013

An act to amend Sections 8670.40 and 8670.41 of, and to add Section 8670.43 to, the Government Code, relating to oil spills.

LEGISLATIVE COUNSEL'S DIGEST

AB 881, as amended, Chesbro. Oil spill prevention and administrative fee.

Existing law imposes an oil spill prevention and administration fee in an amount determined by the administrator to implement oil spill prevention activities, but not to exceed, until January 1, 2015, \$0.065 per barrel of crude oil or petroleum products, on persons owning crude oil or petroleum products at a marine terminal. The fee is deposited into the Oil Spill Prevention and Administration Fund in the State Treasury. Upon appropriation by the Legislature, moneys in the fund are available for specified purposes, including to cover the costs incurred by the Oiled Wildlife Care Network for training and field collection and search and rescue activities.

This bill would increase the maximum annual assessment from \$0.065 to \$0.08 per barrel of crude oil or petroleum products and would allow the administrator to adjust the maximum fee annually based on the percentage increase in the California Consumer Price Index, as specified.

Existing law permits the administrator to charge a nontank vessel owner or operator a reasonable fee, to be collected with each application to obtain a certificate of financial responsibility, in an amount that is

based upon the administrator's costs in implementing oil spill prevention relating to nontank vessels.

This bill would require the fee not to exceed \$3,500 per nontank vessel but would give the administrator discretion to reduce the fee for nontank vessels that pose a reduced risk of pollution and would allow the administrator to adjust the maximum fee annually based on the percentage increase in the California Consumer Price Index, as specified.

~~This bill would transfer \$0.003 of the per barrel of crude oil or petroleum products fee collected, and \$250 of the per nontank vessel fee collected, allow the administrator to transfer up to \$2,000,000 in funds from the Oil Spill Prevention and Administration Fund to the Oil Spill Response Trust Fund, as described, to fund specified activities of the Oiled Wildlife Care Network.~~

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.

The people of the State of California do enact as follows:

1 SECTION 1. Section 8670.40 of the Government Code is
2 amended to read:

3 8670.40. (a) The State Board of Equalization shall collect a
4 fee in an amount determined by the administrator to be sufficient
5 to carry out the purposes set forth in subdivision (e), and a
6 reasonable reserve for contingencies. The annual assessment shall
7 not exceed eight cents (\$0.08) per barrel of crude oil or petroleum
8 products. The administrator may adjust the maximum fee annually
9 based on the percentage increase in the California Consumer Price
10 Index as determined pursuant to Section 2212 of the Revenue and
11 Taxation Code.

12 (b) (1) The oil spill prevention and administration fee shall be
13 imposed upon a person owning crude oil at the time that crude oil
14 is received at a marine terminal from within or outside the state,
15 and upon a person who owns petroleum products at the time that
16 those petroleum products are received at a marine terminal from
17 outside this state. The fee shall be collected by the marine terminal
18 operator from the owner of the crude oil or petroleum products
19 based on each barrel of crude oil or petroleum products so received
20 by means of a vessel operating in, through, or across the marine
21 waters of the state. In addition, an operator of a pipeline shall pay
22 the oil spill prevention and administration fee for each barrel of

1 crude oil originating from a production facility in marine waters
2 and transported in the state by means of a pipeline operating across,
3 under, or through the marine waters of the state. The fees shall be
4 remitted to the board by the terminal or pipeline operator on the
5 25th day of the month based upon the number of barrels of crude
6 oil or petroleum products received at a marine terminal or
7 transported by pipeline during the preceding month. A fee shall
8 not be imposed pursuant to this section with respect to crude oil
9 or petroleum products if the person who would be liable for that
10 fee, or responsible for its collection, establishes that the fee has
11 been collected by a terminal operator registered under this chapter
12 or paid to the board with respect to the crude oil or petroleum
13 product.

14 (2) An owner of crude oil or petroleum products is liable for
15 the fee until it has been paid to the board, except that payment to
16 a marine terminal operator registered under this chapter is sufficient
17 to relieve the owner from further liability for the fee.

18 (3) On or before January 20, the administrator shall annually
19 prepare a plan that projects revenues and expenses over three fiscal
20 years, including the current year. Based on the plan, the
21 administrator shall set the fee so that projected revenues, including
22 any interest, are equivalent to expenses as reflected in the current
23 Budget Act and in the proposed budget submitted by the Governor.
24 In setting the fee, the administrator may allow for a surplus if the
25 administrator finds that revenues will be exhausted during the
26 period covered by the plan or that the surplus is necessary to cover
27 possible contingencies. The administrator shall notify the board
28 of the adjusted fee rate, which shall be rounded to no more than
29 four decimal places, to be effective the first day of the month
30 beginning not less than 30 days from the date of the notification.

4 the effects of oil spills.

6 equipment, and facilities to respond to, contain, and clean up oil
7 spills and to ensure that those operations will be carried out as
8 intended.

9 (5) To respond to an imminent threat of a spill in accordance
10 with the provisions of Section 8670.62 pertaining to threatened
11 discharges. The cumulative amount of an expenditure for this
12 purpose shall not exceed the amount of one hundred thousand
13 dollars (\$100,000) in a fiscal year unless the administrator receives
14 the approval of the Director of Finance and notification is given
15 to the Joint Legislative Budget Committee. Commencing with the
16 1993–94 fiscal year, and each fiscal year thereafter, it is the intent
17 of the Legislature that the annual Budget Act contain an
18 appropriation of one hundred thousand dollars (\$100,000) from
19 the fund for the purpose of allowing the administrator to respond
20 to threatened oil spills.

21 (6) To reimburse the board for costs incurred to implement this
22 chapter and to carry out Part 24 (commencing with Section 46001)
23 of Division 2 of the Revenue and Taxation Code.

24 (7) To cover annual costs incurred by the Oiled Wildlife Care
25 Network established by Section 8670.37.5, including costs for

38 amount not to exceed three thousand five hundred dollars (\$3,500)
39 per nontank vessel for the administrator's costs in implementing
40 this chapter relating to nontank vessels. The administrator may

1 adjust the maximum fee annually based on the percentage increase
2 in the California Consumer Price Index as determined pursuant to
3 Section 2212 of the Revenue and Taxation Code.

5 charge a reduced fee under this section for nontank vessels
